

JOIN THE ALLIANCE!

Continuing Education

We provide customizable webinars & classes, as well as podcasts, programs and an annual conference.

Operational Resources

We let you focus on what you love - the animals. We provide in-house and public handouts, marketing and fund-raising guidance.

Support Network

We are an inclusive group of professionals and offer a variety of social and educational events throughout the year.

Our mission is two-fold: 1) to provide wildlife professionals continuing education, operational resources, a professional support network, and fund-raising assistance, and: 2) to work together with wildlife professionals to elevate the care and protection of Rocky Mountain wildlife. We are an inclusive group of professionals and welcome all forms of scientifically proven techniques. Rocky Mountain Wildlife Alliance is committed to environmental stewardship, best

practices in wildlife rehabilitation, science-based education, and promoting the highest standards throughout the profession and in the community. We are a movement gaining momentum that honors the work of those who forged the path before us. We seek to elevate the profession and its impact by fostering a sense of community and collaboration among wildlife professionals that aligns us through a shared vision.

Rocky Mountain Wildlife Alliance evolved out of a clear need. We noticed critical components missing in the field. We observed that there was very little camaraderie or collaboration among the broad spectrum of wildlife professionals. In addition, there was no easy, affordable, local way to participate in continuing education on a regular basis. It is this need that we are passionate about. By drawing on our inherent unconditional love of animals, and our drive to empower and support professionals, we developed the Rocky Mountain Wildlife Alliance. **Learn more at www.rmwalliance.org**

We are a united alliance because our Mission is Wildlife.
